Subject:	Add "Precedence: Bulk" header to password reset emails			
Description:	A password reset email gene	erated an automated vacat	tion message which opened a support ticke	
	(RT#8340). Adding			
	<pre></pre>			
	Precedence: Bulk			
	as a header to the password reset emails should prevent such software responding to them.			

## Panel - Feature # 140: Add "Precedence: Bulk" header to password reset emails
