Subject:	Give direct links to outstanding invoices and their amounts when sending reminder emails		
Description:	<p>Currently only the initial renewal reminder email actually contains the invoice itself.</p> <p>The invoices are all available from the panel, but it would be helpful if all later reminder emails would include a summary of outstanding invoices, links to download them, and how much they're for.</p> <p>The reminders should also give details of any Direct Debit pre-auth or PayPal subscription that has been set up, but hasn't yet fired for whatever reason.</p>

The initial reminder now does also contain a link to pay the invoice. Future reminders need to do this.
